Alice's Kids Helps High School Seniors Celebrate Graduation

An unfortunate pandemic casualty is the loss of the rite of passage for high school seniors. Our massive referral network is referring seniors to Alice's Kids and we are sending a \$75 Amazon card to the parents of a graduate so they can buy a gift OR we'll pay for a celebratory dinner OR we'll pay for a "Congrats Graduate!" sign for the front yard OR we'll pay for caps and gowns.

Also, when we approve a request we also send the graduate a copy of the Dr. Seuss book, *Oh, The Places You'll Go!*

From a high school senior who just got our celebratory gift card. Her name is "Heaven."

"Thank you for the Amazon.com Gift Card! I really appreciate this gift You made me feel so special since I've been going through this crisis of not having a prom when I spent all of my money on my dress just not to get a refund. I also just lost my job . Lately I've been wanting to cry. But this made things a little better. It really brightened my day and also my smile, thank you so much sincerely."

**Congratulations
Class of 2020!**

Sample Cases

- Enabled 17 year old young lady to buy sewing machine to make face masks during COVID-19 crisis, gives student a purpose and outlet during stressful time.
- Bought at home pottery craft kit for three teen sisters with mental health needs. They are all suffering being at home during the Covid-19 crisis and art brings them together as a family.
- Provided money to purchase lockbox for mom to lock up meds for 17 year old young lady who recently tried to commit suicide with pills.
- Purchased special headphones for 7 year old boy to access listening therapy

recommended by his ABA and Occupational therapists. He has Autism and significant sensory issues.

- Purchased device for 5 year old boy to participate in distance learning. This young man has an IEP for speech and a device would greatly help his access to see lips/sound formation of teachers, and he is energized by the social interaction Zoom classes can provide.

- Purchased educational toys for 5 year old boy who is at home with younger siblings and family without computer, access to school lessons, and special education services.
